OMSCHRIJVING

Bold and in tune with the times, the Bellecôte residence promises a new lifestyle on the Plagne Bellecôte snow front. The developer has carried out a major renovation, the largest residential refurbishment ever carried out in Europe.

Popular with families and coveted by lovers of great skiing, Paradiski is one of the largest ski areas in the world, with 425 kilometers of runs through forests, dolines and glaciers.

Nestled at an altitude of 1930m, Plagne Bellecôte is a unique setting with its snow front, restaurants and shops.

In the heart of the resort, the Bellecôte residence is a major asset for future owners looking for exceptional hotel services and top-of-the-range amenities.

Everything has been thought out and worked on in minute detail by a renowned interior designer so that the future owners and occupants of the premises feel at home in a warm and friendly environment.

The apartments have spacious, light-filled living rooms, fully equipped kitchens and large en suite bedrooms.

Le Bellecôte offers upscale apartments, from 2-room to 5-room, all of which benefit from exceptional hotel services: a personalized reception area, a wellness area, a children's club, a fitness room and a beauty area.

But the real luxury of the residence is certainly behind the windows, as each balcony or terrace offers a breathtaking panorama of the surrounding peaks or the valley to the west.
